

SOLES FOR LIFE

helping raise funds for

'sharefest' VOLUNTEER WORKDAY

“Clean Out Your Closet Day”

April 23 – 27

Please 'clean out your closets' during the week, and gather all of the footwear and clothing you and others no longer wear (too small, too old, out of style, etc.). Put 'paired' shoes in one bag, and clothing in another....That's it!!

On Saturday, April 28th, bring your items to your 'sharefest' work site and Soles For Life will pick them up.

Soles For life will donate funds back to '**sharefest**' for all of the shoes and clothes collected. This could be a sizable amount!

This becomes a 'win, win, win, win' situation for everybody!!

- (1) **Soles For Life** receives a large supply of 'soles and clothes' with which to help clean the world's contaminated drinking water.
- (2) Water is cleaned and people's lives are saved in developing countries!
- (3) Poor people and children now wear inexpensive, good quality American shoes and warm, comfortable clothes.
- (4) **Sharefest** gains an infusion of funds with which to serve and help others.

“Ordinary people can make an extraordinary difference”

Soles For Life raises funds for a non-profit, 501(c)3 company, **EDGE Outreach**, who is a leader in technology for cleaning the world's contaminated drinking water. They save thousands of lives every day, especially of little children and babies

Soles for Life raises funds for **EDGE** by collecting donated shoes and clothing. We primarily have shoe drives and clothing drives (e.g. City of Torrance, REI, Toyota, Gardena HS, Serra HS, Hawthorne HS, Narbonne HS, Easter Seals, The Port of Los Angeles, NFL 'Hall of Fame' Players, Lions Clubs, many churches, etc.) To see how it all flows together (turning shoes into clean water), visit our website at: www.solesforlife.com
